The Relevance of Criminal Convictions Relating to the Determination of the Application to Grant or Renew a Hackney Carriage or Private Hire Drivers Licence

Introduction

1. The purpose of this policy is to provide guidance on the criteria taken into account by the Council when determining whether or not an applicant or an existing licence holder is a fit and proper person to hold a Hackney Carriage and/or Private Hire vehicle driver and/or operator licence.
2. The overriding consideration when having regard to this policy is to protect the safety of the public. The Licensing Authority is concerned to ensure:
 - 2.1 that a person is a fit and proper person.
 - 2.2 that the person does not pose a threat to the public.
 - 2.3 that the public are safeguarded from dishonest person.
 - 2.4 the safeguarding of children and young persons.
3. This policy provides guidance to any person with an interest in taxi and private hire licensing. In particular, but not exclusively:
 - 3.1 Applicants for driver/operator licences
 - 3.2 Existing licensed drivers/operators whose licences are being reviewed
 - 3.3 Licensing Officers
 - 3.4 Members of the Licensing Panel (or other relevant decision making body)
 - 3.5 Magistrates hearing appeals against local authority decisions
4. Where licensing officers have delegated powers to grant licences, they will utilise these guidelines when making a decision to grant a licence. In all other cases applications for licences will be referred to the licensing panel. Whilst officers and the panel will have regard to the guidelines contained in the policy, **each case will be considered on its individual merits and, where the circumstances demand, the officer or the panel may depart from the guidelines.**

General Policy

5. Applicants for a Private Hire/Hackney Carriage driver Licence must have held a full UK/EC/EEA driving licence for at least three years, such period to be calculated from the date of issue of a full driving licence.
6. There may be occasions where it is appropriate to depart from the guidelines, for example where the offence is a one-off occasion or there are mitigating circumstances or alternatively where there are many or continuous offences which may show a pattern of offending and unfitness.
7. A person with a conviction for a serious offence need not be automatically barred from obtaining a licence, but would be expected to:
 - 7.1 Remain free of conviction for an appropriate period as stated in the guidelines; and
 - 7.2 Show adequate evidence that he or she is a fit and proper person to hold a licence (the onus is on the applicant to produce such evidence).
8. Simply remaining free of conviction will not generally be regarded as adequate evidence that a person is a fit and proper person to hold a licence.
9. **Where an applicant has been convicted of a criminal offence, the council cannot review the merits of the conviction** [Nottingham City Council v. Mohammed Farooq (1998)]
10. If an applicant with a history of criminal convictions has been granted a licence, and at the time of renewal of that licence the applicant's circumstances have not changed, the licence should be renewed at the discretion of the Licensing Officer without the need for the application to be referred to the Licensing Panel and without the need for further testing through the Council's nominated driving assessment/test. An application for renewal of a licence which contains new offences or offences which were not previously disclosed will be referred to the Licensing Panel for determination.

Appeals

11. Any applicant refused a driver's licence on the grounds that the council is not satisfied he is a fit and proper person to hold such a licence has a right to appeal to the Magistrates' Court within 21 days of the notice of refusal.
12. Nothing in the criteria outlined in this policy will remove an applicant's right to appeal to a Magistrates' Court against the Council's refusal to grant or renew a licence, or decision to suspend or revoke a licence, or against any conditions which may have been imposed on any such licence by the local authority.

Powers

13. Section 61 and Section 62 of the Local Government (Miscellaneous Provisions) Act 1976 allow the Licensing Authority to suspend, revoke or refuse to renew a driver licence if the application/licence holder has been convicted of an offence involving dishonesty, indecency, violence; failure to comply with the provisions of the Town

Police Clauses Act 1847; failure to comply with the provisions of Part II of the Local Government (Miscellaneous Provisions) Act 1976; or any other reasonable cause.

14. The Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975, allows the council to take into account all convictions recorded against an applicant or the holder of a Private Hire vehicle or Hackney Carriage driver's licence, whether spent or not. Therefore the Licensing Authority will have regard to all relevant convictions, particularly where there is a long history of offending or a recent pattern of repeat offending.
15. In this policy the term "disqualification" refers to the period served, in order to take account of the fact that a court may reduce the period of disqualification from driving. An applicant must provide evidence in advance to prove that the court agreed a reduction in the period of disqualification.

Consideration of Disclosed Criminal History

16. Under the provisions of Sections 51, 55, and 59, Local Government (Miscellaneous Provisions) Act 1976, the council is required to ensure that an applicant for the grant or renewal of a Hackney Carriage and/or a Private Hire vehicle driver's licence and/or private hire vehicle operator's licence is a "fit and proper" person to hold such a licence. However, if an applicant has any convictions, warnings, cautions or charges awaiting trial, the Council will look into:
 - 16.1 how relevant the offence(s) are to the licence being applied for.
 - 16.2 how serious the offence(s) were.
 - 16.3 when the offence(s) were committed.
 - 16.4 the date of conviction.
 - 16.5 circumstances of the individual concerned
 - 16.6 sentence imposed by the court.
 - 16.7 whether they form part of a pattern of offending.
 - 16.8 any other character check considered reasonable (e.g. personal references)
 - 16.9 any other factors that might be relevant.
17. In considering whether to revoke a Hackney Carriage or Private Hire driver or operator licence in accordance with s61 of the Local Government (Miscellaneous Provisions) Act 1976, the decision will be made by an authorised member of the Licensing department following consultation with the Legal, Licensing and Elections Manager. The Legal, Licensing and Elections Manager may choose to defer the decision to the Licensing Panel.
18. Further, in considering whether to suspend or revoke a Private Hire or Hackney Carriage driver licence, if it appears that the interests of public safety require the suspension or revocation to have immediate effect, the decision will be made in accordance with section 61 of the Local Government (Miscellaneous Provisions) Act, 1976 as amended by s52 of the Road Safety Act 2006.
19. Applicants can discuss further what effect a caution/conviction may have on any application by contacting an authorised member of the Licensing department in confidence for advice.

20. The licensing authority conducts disclosures from the Disclose and Barring Service (DBS) of any applicant for a driver licence. The licensing authority follows the DBS's Code of Practice on the fair use of disclosure information. A copy is available [here](#).
21. Applicants applying for the grant or a renewal of a drivers' licence will be required to obtain a disclosure at their expense. The licensing authority abides by the [DBS's Policy](#) on the secure storage, handling, use, retention and disposal of disclosure information, which is available on request.
22. More information about the DBS can be found on their [website](#).
23. The licensing authority is also entitled to use other records and information that may be available to it in determining applications or an entitlement to continue holding a licence. This may include information held by the licensing authority or other licensing authorities, and information disclosed by the police under the Home Office scheme for reporting offences committed by notifiable occupations.
24. It is an offence under Section 57(3) of the Local Government (Miscellaneous Provisions) Act 1976 for any person knowingly or recklessly to make a false declaration or to omit any material particular in giving information required by the application for a licence. Where an applicant has made a false statement or a false declaration on their application for the grant or renewal of a licence, the licence will normally be refused.

Outstanding Charges or Summonses

25. If the individual is the subject of an outstanding charge or summons their application can continue to be processed, but the application will need to be reviewed at the conclusion of proceedings.
26. If the outstanding charge or summons involves a serious offence and the individual's conviction history (including "spent" convictions) indicates a possible pattern of unlawful behaviour or character trait, then in the interests of public safety the application may be put on hold until proceedings are concluded or the application may be refused.

Non-conviction Information

27. If an applicant has, on more than one occasion, been arrested or charged, but not convicted, for a serious offence which suggests he could be a danger to the public, consideration should be given to refusing the application. Such offences would include violent offences and sex offences.
28. In assessing the action to take, the safety of the travelling public must be the paramount concern.

Cautions

29. Admission of guilt is required before a caution can be issued. Every case will be considered on its own merits including the details and nature of the offence.

Licensing Offences

30. Certain offences under taxi legislation such as plying for hire, overcharging and refusing to carry disable persons would normally prevent a licence being granted or renewed until a period of 3 years has passed since.

Licences Issued By Other Licensing Authorities

31. Where an application for a taxi and/or private hire vehicle driver's licence/private hire operator's licence has been referred to the licensing panel for determination with regard to this policy, and the applicant already holds such a licence granted by another licensing authority, the guidance in this policy shall take precedence over any decision of another licensing authority.

Summary

32. To summarise, a criminal history in itself may not automatically result in refusal and a current conviction for a serious crime need not bar an applicant permanently from becoming licensed. As the preceding paragraphs indicate, in most cases, an applicant would be expected to remain free from conviction for 3 to 5 years, according to circumstances, before an application can be considered. However, there may be occasions when an application can be allowed before 3 years free from conviction have elapsed.
33. While it is possible that an applicant may have a number of convictions that, individually, meet the above guidelines, the overall offending history must be considered when period of time is more likely to give cause for concern than an isolated minor conviction. Obviously some discretion can be afforded if an offence disclosed is isolated and there are mitigating circumstances, but the overriding consideration is the protection of the public.

Overseas Residents

34. Where the DBS check is unlikely to have any information on a person, due to a short period of residence in the UK, applicants must obtain (at the cost of the applicant) a certificate of good conduct from their embassy or consulate. The certificate should be authenticated, translated and sealed by the embassy/consulate. The Disclose and Barring Service provides information on most relevant embassies/consulates. Means of obtaining a certificate can be found on the DBS [website](#).

35. The following examples afford a general guide on the action to be taken where convictions are admitted.

36. **Minor Traffic Offences**

36.1 Convictions for minor traffic offences should not prevent a person from proceeding with an application for a Private Hire or Hackney Carriage driver licence; however, an application containing multiple offences of this nature and convictions relating to minor driving offences committed when the applicant was driving a Hackney Carriage or Private Hire vehicle will be considered in a more serious light.

36.2 If an applicant has 8 or more current penalty points on their DVLA driving licence the application will be considered by the Licensing Panel to determine his/her suitability.

36.3 If sufficient points have been accrued to require a period of disqualification of the applicant's driving licence then a Hackney Carriage or Private Hire driver's licence will be reviewed by the Council's Licensing Panel.

36.4 **Further, in determination of the renewal of a Private Hire driver licence or Hackney Carriage licence, the Council's nominated driving assessment/test shall be taken where the driver has been disqualified from driving by the DVLA or with endorsements on their driving licences or for serious driving offences.**

36.5 Offences in this category include but are not limited to:-

- Failing to stop after an accident
- Failing to give particulars or report an accident within 24 hours.
- Undefined accident offence
- Using vehicle with defective brakes
- Causing or likely to cause danger by reason of use of unsuitable vehicle or using a vehicle with parts or accessories (excluding brakes, steering or tyres) in a dangerous condition
- Using a vehicle with defective tyres
- Using a vehicle with defective steering
- Causing or likely to cause danger by reason of load or passengers
- Using a mobile device while driving a motor vehicle
- Driving otherwise than in accordance with a licence
- Driving after making a false declaration about fitness when applying for a licence

- Failing to comply with school crossing patrol sign
- Undefined failure to comply with a traffic direction sign

36.6 An application received which details more than one of the offences in this category on the DVLA driving licence may be referred to the Council’s Licensing Panel for the following reasons:

- 36.6.1 the Licensing Officer believes such offences may place the general public at risk;**
- 36.6.2 in circumstances where any such offence was committed while driving a Hackney Carriage or Private Hire vehicle; or**
- 36.6.3 the applicant has 8 or more current penalty points on their DVLA driving licence.**

36.7 In any other circumstances the decision will remain with the Licensing Officer.

37. Serious Road Traffic Offences

37.1 A serious view will be taken of serious road traffic offences. An isolated incident in the past will not necessarily stop a Private Hire or Hackney Carriage driver licence being granted provided he/she has been free of conviction for 3 years, however strict warning should be given as to future behaviour. More than one conviction for these offences would normally prevent a licence being granted or renewed.

37.2 An isolated conviction for serious road traffic offence should normally merit a warning as to future driving and advice on the standard expected of Hackney Carriage and Private Hire vehicle drivers. More than one conviction for this type of offence within the last two years may be referred to Licensing Panel at the discretion of the Licensing Officer.

37.3 At least three years should elapse (after the restoration of the DVLA driving licence), before a licence would normally be granted for a Hackney Carriage or Private Hire driver's licence. An operator found guilty of aiding and abetting the driving passengers for hire and reward whilst without insurance will have his operator's licence revoked immediately and prevented from holding a licence for three years.

37.4 Further, in determination of the renewal of a Private Hire driver licence or Hackney Carriage licence, the Council's nominated driving assessment/test shall be taken where the driver has been disqualified from driving by the DVLA or with endorsements on their driving licences or for serious driving offences.

37.5 Offences in this category include but are not limited to:-

- Driving without due care and attention
- Driving without reasonable consideration for other road users
- Driving without due care and attention or without reasonable consideration for other road users
- Using a vehicle uninsured against third party risks
- Driving while disqualified by order of Court
- Attempting to drive while disqualified by order of Court

37.6 An application received containing one or more of the above offences will be considered in the first instance by the Licensing Officer the decision to grant or renew such a licence will remain with that officer in circumstances where:

37.6.1 due to the level of the potential risk implied by the offence(s) to the public the a licence should not be granted or renewed;

37.6.2 the offence is an isolated incident falling under section 37.1 in which a warning and advice is sufficient with the grant or renewal of such licence, or;

37.6.3 a time period of 10 years or more has passed since the offence (or most recent offence) was committed, showing a significant reduction in the risk to the public meaning the licence can be granted.

37.7 Other applications containing offences in this category may be referred to the Licensing Panel where appropriate.

37.8 A very serious view is to be taken of any applicant who has been convicted of a driving offence in 37.9.

37.9 A licence will not normally be considered unless the applicant is free of conviction for 5 years or (or at least 3 years must have passed since the completion of the sentence, whichever is longer) if he has a conviction for:

- Dangerous Driving
- Manslaughter or culpable homicide while driving a vehicle
- Causing death by dangerous driving
- Furious driving
- Motor racing on the highway

37.10 An application received which details one of the offences in 37.9 on the DVLA driving licence will automatically be referred to the Council's Licensing Panel for determination.

38. Drink driving/driving under the influence of drugs

38.1 As licensees are professional vocational drivers, a serious view is taken of convictions for driving, or being in charge of a vehicle while under the influence of drink or drugs. An isolated incident would not necessarily debar an applicant from proceeding on the restoration of his DVLA driving licence but he should be warned as to the significant risk to his licence status in the event of re-offending.

38.2 More than one conviction for these offences raises significant doubts as to the applicant's fitness to drive the public. At least 3 years, after the restoration of the driving licence following a drink drive conviction should elapse before an application will be considered. If there is any suggestion that the applicant is alcohol or drug dependent, a satisfactory special medical report must be provided before the application can be allowed to proceed.

38.3 Further, in determination of the renewal of a Private Hire driver licence or Hackney Carriage licence, the Council's nominated driving assessment/test shall be taken by where the driver has been disqualified from driving by the DVLA or with endorsements on their driving licences or for serious driving offences.

38.4 Offences in this category include but are not limited to:-

- Driving or attempting to drive with alcohol level above limit
- Driving or attempting to drive while unfit through drink
- Driving or attempting to drive then refusing to supply a specimen for analysis
- In charge of a vehicle while alcohol level above limit
- In charge of a vehicle while unfit through drink or drugs
- Failure to provide a specimen for analysis in circumstances other than driving or attempting to drive
- Failing to provide a specimen for breath test
- Driving or attempting to drive when unfit through drugs

38.5 An application received containing one or more of the above offences will be considered in the first instance by the Licensing Officer, the decision to grant or renew such a licence will remain with that officer in circumstances where:

38.5.1 due to the level of the potential risk implied by the offence(s) to the public the a licence should not be granted or renewed, or;

38.5.2 a time period of 10 years or more has passed since the offence (or most recent offence) was committed, showing a significant reduction in the risk to the public meaning the licence can be granted.

38.6 Other applications containing offences in this category may be referred to the Licensing Panel where appropriate.

39. Drunkenness

39.1 An isolated conviction for drunkenness need not debar an applicant from gaining a licence. However a number of convictions for drunkenness could indicate a medical problem necessitating critical examinations. In some cases, a warning may be sufficient.

39.2 If there is evidence of persistent alcohol misuse or dependency a specialist medical examination may be required before the licence is granted.

39.3 Offences in this category include but is not limited to:-

- Drunk and Disorderly Behaviour
- Entering an Aircraft When Drunk or Being Drunk in an Aircraft

39.4 An application received containing one or more of the above offences will be considered in the first instance by the Licensing Officer, the decision to grant or renew such a licence will remain with that officer in circumstances where:

39.4.1 due to the level of the potential risk implied by the offence(s) to the public the licence should not be granted or renewed;

39.4.2 the offence is an isolated incident falling under section 39.1 in which a warning and advice is sufficient with the grant or renewal of such licence, or;

39.4.3 a time period of 10 years or more has passed since the offence (or most recent offence) was committed, showing a significant reduction in the risk to the public meaning the licence can be granted.

39.5 Other applications containing offences in this category may be referred to the Licensing Panel where appropriate.

40. Drugs

40.1 A serious view shall be taken of convictions of this nature. An isolated incident should not necessarily debar an applicant but strict warnings should be given as to future behaviour. More than one conviction for these offences should raise grave doubts as to the applicant's fitness to hold a licence. An application with a conviction for a drug related offence should be required to show a period of at least 3 years free of convictions before an application is entertained.

40.2 If there is evidence of persistent drug use, misuse or dependency a specialist medical examination may be required before the licence is granted. If the applicant was an addict then they would normally be required to show evidence of 5 years free from drug taking after detoxification treatment.

40.3 Offences in this category include but is not limited to:-

- Possessing Controlled Drug
- Possessing Controlled Drug with Intent to Supply
- Producing Controlled Drug
- Importing Drugs

40.4 An application received containing one or more of the above offences will be considered in the first instance by the Licensing Officer. The decision to grant or renew such a licence will remain with that officer in circumstances where:

40.4.1 due to the level of the potential risk implied by the offence(s) to the public the a licence should not be granted or renewed;

40.4.2 the offence is an isolated incident falling under section 40.1 in which a warning and advice is sufficient with the grant or renewal of such licence, or;

40.4.3 a time period of 10 years or more has passed since the offence (or most recent offence) was committed, showing a significant reduction in the risk to the public meaning the licence can be granted.

40.5 Other applications containing offences in this category may be referred to the Licensing Panel where appropriate.

41. Indecency Offences

41.1 As Hackney Carriage and Private Hire vehicle drivers often carry unaccompanied passengers including schoolchildren and vulnerable adults, applicants with convictions for indecent exposure, indecent assault, importuning, or any of the more serious sexual offences, should be refused until they can show a substantial period of at least 3 years free of such offences. More than one conviction of this kind should preclude consideration for at least 5 years. In either case if a licence is granted a strict warning as to future conduct should be issued.

41.2 Unless there are exceptional circumstances, an application will normally be refused where the applicant has a conviction for an offence such as rape, assault by penetration, offences involving children or vulnerable adults or any similar offences (including attempted or conspiracy to commit) offences which replace the above.

41.3 In addition to the above the licensing authority will not normally grant a licence to any applicant who is currently on the Sex Offenders Register.

41.4 A licence will not normally be granted if an applicant has more than one conviction for a sex or indecency offence.

41.5 Offences in this category include but are not limited to:-

- Rape
- assault by penetration
- sexual assault
- causing a person to engage in sexual activity without consent

- causing a person with a mental disorder to engage or agree to engage in sexual activity by inducement, threat or deception
- engaging in the sexual activity in the presence, procured by inducement, threat or deception, of a person with a mental disorder
- causing a person with a mental disorder to watch a sexual act by inducement, threat or deception
- care workers: sexual activity with a person with a mental disorder

- sexual penetration of a corpse

41.6 Any application with a conviction within this category will automatically be put before the Council's Licensing Panel for determination.

42. Violence

42.1 As Hackney Carriage and Private Hire vehicle drivers maintain close contact with the public, a firm line should be taken with applicants who have convictions for grievous bodily harm, wounding or assault. At least 3 years free of such convictions should be shown before an application is entertained and even then a strict warning should be administered.

42.2 Offences in this category include but are not limited to :-

42.3.1 **due to the level of the potential risk implied by the offence(s) to the public the a licence should not be granted or renewed or;**

42.3.2 **a time period of 10 years or more has passed since the offence (or most recent offence) was committed, showing a significant reduction in the risk to the public meaning the licence can be granted.**

42.4 **Other applications containing offences in this category may be referred to the Licensing Panel where appropriate.**

42.5 Unless there are exceptional circumstances a licence will not normally be granted where the applicant has a conviction for an offence such as murder, manslaughter

or culpable homicide while driving, terrorism offences, or any similar offences (including attempted or conspiracy to commit) offences which replace the above.

43. Dishonesty

43.1 Hackney Carriage and Private Hire vehicle drivers are expected to be persons of trust. The widespread practice of delivering unaccompanied property is indicative of the trust that business people place in drivers. Moreover, it is comparatively easy for a dishonest driver to defraud the public by demanding more than the legal fare, etc. Overseas visitors can be confused by the change in currency and become 'fair game' for an unscrupulous driver. For these reasons a serious view should be taken of any conviction involving dishonesty. In general, a period of 3 years free of conviction should be required before entertaining an application.

43.2 Offences in this category include but are not limited to:-

- Theft
- Theft – Shoplifting
