Updates were also provided to members relating to the public realm improvements, the West Cumbria Sports Village, the Port of Workington project and the Innovation Centre.

Members asked questions relating to timetable of the Ramsay Brow project including milestones such as the purchase of buildings and a proposed new cycle route.

Members expressed concern at the inflation of costs, and, in respect of the Sports Village, the increasingly tight timetable for delivering this project within the programme period.

Brendan Carlin, - Assistant Chief Executive (Innovation and Commercial) then provided an update presentation on the regeneration programme for Maryport.

An overview was provided on the projects including the Heritage Action Zone (HAZ) schemes and the Future High Street Projects, including 1 Senhouse Street, Christchurch and the Wave Centre. Members were advised that underspend from the Empire Yard project would be used to support the other ongoing capital projects. The contract award for the capital works for the Carlton and Christchurch would be on the agenda at the next meeting of the Executive on 28 February 2023, with the Boardwalk expected to be on the agenda for the meeting on 15 March 2023.

### **354. Cumbria Community Safety Partnership Annual Report**

The Committee received an annual update report from the Executive member for Policy, Governance and People Resources on the Cumbria Safety Partnership (CSP).

Members noted that the future arrangements seemed very uncertain; the PCC had withdrawn funding and, apparently, interest in the Partnership and seemed to be focussing attention on the Police Multi-Agency Hubs: it was not at all clear what the relationship was between these Hubs and CSP, if any.

Officers advised that going forward, the CSP would come under the remit of the Director of Public Health and the CSP funding may need to come from Cumberland Council.

### **Resolved**

That the report be noted.
