24/09/2020

Dear Gill,

Pendrosa Weddings
Application of premises licence under the Licensing Act 2003

With regards to the above application and following further consultation with the applicants and a review of the application, police are content that the proposed conditions by the applicant will go a significant way to adherence to the general Licensing Objectives. There are some issues however that require further consideration and these are as follows:

1. Challenge 25 training for all staff
2. 2x SIA security for each event while in operation
3. 24/7 security when the Marquee is erected and property inside.
4. Incident book in operation
5. Refusal book will be in operation
6. All monies to be removed at the end of the events.

Police have no concerns over the hours of proposed licensing activity

The applicant is mindful that in time their business may grow which will require variations to be made to the licence but at this stage we are satisfied this application meets the licensing objectives.

To assist you with your determination on issuing the premises licence, the above have been considered and agreed by the applicant and they have signed this letter below.

Applicant signature B. Hume Date 29.09.2020

Upon receipt of this letter I can confirm that Police shall not be objecting to this application.

Yours Faithfully

PS 1662 Scott Adams
