To whom this may concern at Allerdale licensing department,

I am writing to request an increase in tariff charges for hackney carriage taxis as there has not been an increase in 4 years but costs have drastically gone up, especially in the last 12 months.

Costs such as servicing has gone from £90/120 to £180/220 tyres 45/60 to 80/90 and all other general maintenance cost have gone up an average 50/60% vehicle depending and not least but fuel which as we all know has gone up to near unaffordable cost for running any form of transport business and also minimum wage has increased this year again, with all the increases not to mention insurances and office running costs that have also gone up the old rate from 2018 just isn't making business viable any longer without downsizing and letting staff go.

If I may request a change of tariff to an extra 30p on start of journey and in increment increase from 45p to 50p for each 0.32

I look forward to your response

Kind Regards
