

Appendix K

The new testing station is working well for [REDACTED] and we have a good working relationship with Richard and his team, the three checks per year are a benefit but do mean more costs for the trade in general.

My recommendation therefore will be

fare increase to £3:50 first mile then 50p each 1/5 mile.

Increase the car age limit to 5 years from 4 years due to the increase testing.

if you require further information please dont hesitate to get in touch

Many thanks

[REDACTED]
