FINAL DRAFT

1. INTRODUCTION

- 1.1 The purpose of this policy is to set out the forms of financial assistance, which are available from Allerdale Borough Council to assist all vulnerable owner-occupiers, tenants, licensees, to improve or adapt their homes providing they are eligible.
- 1.2 This policy also aims to introduce a discretionary grant to support a handy person service that provides a rapid response to urgent safety issues, which are hazardous to the person's individual's needs which will enable them to continue to manage more safely within their home.
- 1.3 Private Sector Landlords and Registered Housing Providers (RHP) may also apply for a Disabled Facilities Grant (DFG) on behalf of a disabled tenant but the tenant must also satisfy the relevant requirements under the same means testing arrangements.
- 1.4 At times, where DFGs are in demand the Council will be obliged to priorities referrals to the services based on need.

2. POLICY CONTEXT

- 2.1 National Policy - The Council is required to approve applications made under section 23(1) of the Housing Grants, Construction and Regeneration Act 1996 that satisfy the requirements of the Act, for example mandatory Disabled Facilities Grants (DFGs)
- 2.2 The Regulatory Reform (Housing Assistance) (England and Wales) Order 2002 equipped local authorities to address housing issues. In 2008-09, the Government extended the RRO powers to provide assistance for housing renewal based on the principles that repairs are fundamentally the responsibility of the property owners, but grant assistance should be given in particular circumstances, and for the purpose of improving living conditions.
- 2.3 This policy makes use of these powers to broaden the scope of Disabled Facilities Grants and to offer alternative forms of grants for disabled, elderly and other vulnerable residents in Allerdale.
- 2.4 To provide financial assistance for housing repairs and improvements, the local housing authority must first adopt and publish a policy setting out how it intends to use this general power to award assistance.
- 2.5 Local Policy – The 2017 Housing Grants and Assistance policy was reviewed, following the completion of the 2016 Housing Study and Stock Condition Survey. A new Housing Study was complete in 2022 and will contribute

toward an evidence base for housing in the borough . The Borough continues to see a 'super ageing' population, which is likely to see an increased demand for older person's accommodation and a need for adaptations to aid independent living, and improve safe living conditions for disabled people.

2.6 The stock condition survey is due for renewal; however, the key issues identified from the 2016 survey are still relevant as there is a continued need to address hard to treat dwellings where the cost of renovation is often very high. More recently, there is greater emphasis on improving poor performing housing stock as fuel poverty and thermal comfort becomes more apparent. The Green Homes Grant and Sustainable Warmth agenda gives greater consideration for worst performing homes in Allerdale and the opportunities for residents to seeking funding to upgrade or improve their homes.

2.7 This Policy contributes to the Council Strategy 2020-2030. Everything the Council does is aimed at improving the lives of our residents.

The strategy sets out the Council's ambition, priority objectives and principles for ten years. The Housing Grants and Assistance policy supports the following priority theme and objectives:

- Thriving Towns and Villages with a focus on ensuring there are suitable, affordable, decent homes for all, and ensuring that we deliver our housing grants scheme to enable people to stay in their own homes for longer.

2.8 This policy will remain in force until it is reviewed and amended. It is intended that there will be a management review of the policy within 24 months so that demand for the revised assistance can be assessed, and the policy amended accordingly to account for this and any further funding changes.

2.9 It is also proposed that this policy provides a safe and legal basis as Allerdale Borough Council transitions into the new Cumberland Council on 1st April 2023. A Cumberland Council policy must be adopted within 24 months of Vesting Day.

2.10 Allerdale Borough Council will work closely with all partners to ensure that the grants and assistance set out within the policy reach those that require it the most. We want to ensure the people of Allerdale can live at home independently within a healthy and safe environment for as long as possible.

3. SCOPE OF THE CRITERIA

3.1 The Housing Grants and Assistance policy sets out a framework in which to make available financial assistance to support vulnerable people in Allerdale.

This will improve or restore independent living privacy, confidence and dignity for individuals and their families, and prevent or delay long stays in hospital.

- 3.2 This policy will support improvements in health and well-being, as well as having a positive impact on the quality of local neighbourhoods. It will improve and maintain healthy living conditions for vulnerable people and remove the most severe health and safety risks.
- 3.3 We will help to assist people within neighbourhoods who are vulnerable and find it difficult to access their homes and outside space due to their disability.
- 3.4 By adapting homes, this policy will meet the needs of older, disabled and vulnerable people and help keep them safe at home, avoid or delay the need to move into residential care facilities.
- 3.5 Fundamentally, underlying the purpose and scope of this policy is the improvement of accessibility for vulnerable people. Ensuring that everyone has the opportunity to live in decent and appropriate accommodation.

4. BUDGET ALLOCATION AND OVERVIEW OF ASSISTANCE

- 4.1 Funding for DFGs in England is channelled into the Better Care Fund (BCF) which, consists of pooled resources from a number of sources, including NHS England. One of the aims of the BCF is to achieve improved integration of care and support services.
- 4.2 The budget allocation for the Council is £1.17M (2022-23). The annual amount may vary each year as it is determined by central Government.
- 4.3 The Council will always seek to apply for funding streams that become available throughout the year to ensure our residents benefit from such streams.
- 4.4 The Council recognises that assistance cannot be made available to all residents. Mandatory Disabled Facilities Grants will continue to be offered to applicants who meet the eligibility criteria.
- 4.5 All forms of discretionary assistance beyond the Mandatory Disabled Facilities Grant Capital funding are dependent on the availability of external funding.
- 4.6 Mandatory DFG applicants will not be disadvantaged by discretionary grants.
- 4.7 A discretionary fund of £100,000 (maximum) per year is made available from the annual grant award to support the provision of a handy person service. This provides a rapid response to urgent safety issues which are hazardous to the person's individual needs and enable them to be safe within their homes. The Council will work with third sector organisations to support the delivery of a handy person service.

5. PROCESS

5.1 Appendix 1 sets out the types of grants available within the Housing Grants and Assistance Policy. The process for applying for Housing Grants and Assistance is also included.

6. APPEALS

6.1 Complaints and Redress

All applications for assistance will be considered against the published criteria. If the application does not meet the criteria the Council will inform the applicant in writing of the reason why they have been refused assistance.

Where an applicant is refused assistance, and they wish to appeal against the decision, they should appeal in writing to the Council within 28 days of the date of refusal.

It is recognised that there may be situations where the refusal of assistance would disproportionately disadvantage the applicant. In these circumstances, the Council may give discretion against the eligibility criteria, minimum or maximum amounts, or conditions of assistance based on the individual circumstances, and approve the application for assistance.

An Appeals Panel of Senior Housing Officers/Manager will consider all cases on an individual basis in a fair and transparent way. The decision of the Appeals Panel will be final in respect of that individual case and will not be binding upon future applications made by that or any other applicant. al complaints scheme.
